HISTORY

Vivek High School, established on April 4, 1984, operates under the Bhagwant Singh Charitable Trust. It is a co-educational institution with English as the medium of instruction. Within a year, it gained affiliation with the Central Board of Secondary Education (CBSE), New Delhi. Founded by visionary Sardar Bhagwant Singh, the school was envisioned as a place where learning is joyful, values are upheld, and students pursue knowledge and self-improvement with dedication.

MISSION AND VISION

At Vivek High School, we are dedicated to creating a vibrant community of 21st century learners in a nurturing and dynamic environment. Students are encouraged to cultivate curiosity and open-mindedness, empowering them to explore their cosmic purpose while developing creative and critical thinking skills. We emphasize responsibility for self and society, as well as the importance of moral values. We, at Vivek believe discipline is nurtured by the individual rather than imposed by others. Discipline is viewed as essential to personal growth, while also focusing on enhancing observational skills and fostering respectful interactions.

Our Motto - Knowledge and Integrity:

The school is named 'Vivek', which means discernment, judgement and enlightenment. By empowering countless students to demonstrate keen insight and good judgement, we embody our motto of 'Knowledge and Integrity'.We have encouraged students to carve a niche for themselves in the world. At Vivek High, where knowledge is imparted alongside virtue, we provide a supportive environment to nurture their talents. Through dedicated mentorship and diverse learning opportunities, we truly mould a Vivekite to rise above the ordinary!

ACADEMIC OVERVIEW

Vivek High School's comprehensive educational approach, starting with Montessori pedagogy for early learners (18 months – 12 years) and transitioning to Cambridge and CBSE curricula (14 years – 18 years), nurtures independent, curious, and self-motivated learners through purposeful, hands-on work across different occupations, fostering skill development and real-world understanding.

At Vivek High School, we maintain a rigorous academic curriculum across all grades, with the senior years (11 and 12) offering an even more intensive programme to deepen understanding in every subject. This commitment to excellence ensures that our students are well-prepared for higher education and real-world challenges. Our evaluation methods emphasize critical thinking, problem-solving, and application of knowledge, and while grades may reflect a more nuanced assessment of mastery, they align with our high standards of comprehensive academic achievement.
